Sunday Afternoon August 3

Dear Debora

Mr. Henry and Maria are talking about going to Weymouth I thought I would write a few words to inform you that if you would write to Anne it could go in the bundle Monday and Aunt Mary could write Warren bought a trunk yesterday for \$2.25 cent one covered with leather but not a traveling trunk - I went with him last night to his boarding place and liked the place very much. He has a large room all to himself carpeted and nicely fitted up - and plenty to eat and drink - He pays 3 dollars - The place is in Federal Street much nearer to the store than West street

and Miss Devoy he says is a clever
woman - so he seems perfectly
satisfied - send his pantaloons -
and he wants shorts and stockings
Give my love to Emma and ask
her if she won't give me back
that knife that I gave her
as there is no knife in the house
and not a decent pen or I should
give you better letters

yours - Hervey E. Weston

P.S. Write and tell me how the
buying gets on - I wrote to you
Saturday and sent it by Mr. Porter
you've got it I suppose
